In many cases its better to make a new profile because a missing address book service means the profile is corrupt.

and you use Outlook 2003: Go to Tools\ Email Accounts, choose View or change existing directories or address book.. Imported Addresses are Missing from Address Book If only imported addresses are missing from the address book, the addresses need to be resolved.

Is the expected address book set as the default address book? • Open the Address Book using the Address Book button on the ribbon • Click Tools, Options • Which contacts folder is selected in When opening the address book, show this address list first? Audio files for mac.. Office 2016 for Mac with the latest updates installed (15 18 (160109)) We try to set up Outlook 2016 to connect to the end user's Exchange Mailbox.. Is the Outlook Address Book present?If it isn't listed, add it and close and restart Outlook.

Go to Account settings, Email tab and select the account Click Remove Click Add and recreate the account.

Is the box to Show this folder as an email address book checked? In Outlook 2013 and up, the Show folder as an email address book should be checked and grayed out for the default address book.. You can ignore the earlier one I have Office/Outlook 2013 and am having a nasty problem.. Filemaker pro for mac free download I see your steps listed if it's grayed out, but I wanted to check and see if perhaps there is any other solution to recover her address book, now that we know she deleted her default.. pst in her trash bin and restored the file, but now her address book is gone (along with several other folders that were, at one time, present along with inbox, sent, etc.. pst first? I've used your site before, and it's appreciated Hi Diane, I am re-posting this with more detail.. My contacts are not searchable from the search box and they are not visible in the 'People' tab.. ) I have looked at the properties page of her address book and 'Show this folder as an email address book' is indeed grayed out.. This is especially true if you used Windows Easy Transfer to move the profile from one computer to another. d70b09c2d4
